Why Not?

The "Why Not Program" was implemented to provide an opportunity for you to make suggestions or comments on ways that we can improve MAPPies work environment. This program is for creative ideas and improvements only. No complaints.

To submit your ideas, all you have to do is send an email to "Why Not" (a contact that is set up in your outlook program). All submissions will be reviewed and 1 idea will be chosen quarterly and implemented.

So WHY NOT send in your suggestions today!

For anyone that does not have email access, all you have to do is call Lexie Polito at 225-408-7736 to submit your idea(s).
